## When I Play for the County

### The 2 Johnnies

When I grow up I'm gonna play county  
All the girls will be all about me  
March behind the Artane boys band  
Climb the steps of the Hogan stand  
Sam Maguire, Liam McCarthy  
When I play for the county

We'll be training hard  
No more chocolate bars  
Gym in the morning, getting up early  
Busting a gut with pride in the jersey

Can you shoot left and right?  
Can you score goals and points? (Yeah)  
I've got no time for girls (I do)  
I just want helmets and hurls  
Training hard, getting fitter  
Sleeping with my hurley and sliotar

When I grow up I'm gonna play county  
All the girls will be all about me  
March behind the Artane boys band  
Climb the steps of the Hogan stand  
Chicken fillets and broccoli  
When I play for the county (oh lord)

People will know my name (they will)  
But I don't care about fame  
Ah sure all the same  
Be grand to see meself on the Sunday game  
(again)

Make the big breakthrough  
A March league debut  
New tracksuits and gear  
This could be our year

Throwing them over from 60 yards  
I might even get meself an all-star

When I grow up I'm gonna play county  
All the girls will be all about me  
March behind the Artane boys band  
Climb the steps of the Hogan stand  
Sam Maguire, Liam McCarthy  
When I play for the county (oh)

There'll be long trips home  
Defeats and broken bones (oh, me knee)  
Now you're getting older  
Watch out for that hefty shoulder (ow)  
Big ball, small ball any code  
We just want to make it to Jones' road

When I grow up I'm gonna play county  
All the girls will be all about me  
March behind the Artane boys band  
Climb the steps of the Hogan stand  
Sam Maguire, Liam McCarthy  
When I play for the county
